Citizens and Governing Board
San Carlos Unified School District No.20
P.O. Box 207
San Carlos, AZ 85550

State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report of the San Carlos Unified School District No. 20 (District) for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finance of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from materials misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Dobridge & Company, PC, a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

Our Vision Statement- We will become an effective student focused learning community graduating culturally confident citizens.

P.O.BOX 207 ~San Carlos Avenue~San Carlos, Arizona 85550 Phone (928) 475-2315, Fax (928) 475-2301

The independent auditor concluded, base conducted, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2020, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) designed to meet the special needs of federal grantor agencies. The standards of governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Reporting Package.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE DISTRICT

The District is one of nine public school districts located in Gila County, Arizona. San Carlos Unified School District No 20 is located on the San Carlos Apache Reservation. It provides a program of public education from kindergarten through grade 12, with an estimated current enrollment of 1,425 students. San Carlos Unified School District's first High School was constructed in the 1980s. The District has since grown to include three schools; Rice Elementary School, San Carlos Middle School, and San Carlos High School. The District was approved for an Arizona Online School in 2021, known as the Shil Gozhoo Academy. Projected enrollment for the 2021-22 school year is 1,460. District schools cover approximately 358,000 square feet and have an average age of 65 years.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments.

Furthermore, there are no component units combined with the District for financial statement presentation purposes, and the District is not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, bookstore and athletic functions.

The District's Mission Statement is "San Carlos Unified School District we exist to educate and empower students to become culturally responsive, global Nn'ee". The District Vision statement is "To be an effective student focused learning community graduating culturally confident citizens." The District has established three focus points to help achieve our mission and vision statement.

FOCUS

Effective curriculum, Instruction, & Assessment System

Curriculum

It is well-designed, quality curriculum that ensures effective implementation and articulation that allows for evaluation of student learning and integration of N'nee cultural values.

Instruction

Teaching is aligned with common core standards and expectations for student learning. The design of instruction uses data driven decision-making, research based instructional practices and actively engages students in their learning. Expansion of instructional support includes preparing students for college/career readiness and addresses gaps in student knowledge.

Assessment

Formative and summative assessments are utilized to determine the student's mastery of standards. Assessments are aligned to the common core standards and guides teacher instruction.

A few highlighted initiatives include working closing with our new Apache College to implement the dual credit program for our high school students, implementing the kindergarten Apache immersion cohort at Rice Elementary, designing and implementing the middle school intervention concept, and bridging new partnerships and relationships with all other tribal and community agencies such as the San Carlos Apache Tribal Education Department and the San Carlos Apache Health Corporation on opportunities that focus all our initiatives on providing the quality education our students deserve. Prior to the COVID -19 shut down of 2020, the District was in the process of obtaining Department of Health license for a Pre-School Program. We successfully completed the requirements and obtained our license for school year 2021-2022. We are also working to be a trauma sensitive and informed school and community implementing approaches, practices, processes, and designs that best serve our students within San Carlos Unified School District.

The San Carlos Unified School District No 20 was established in 1965. We are located on the San Carlos Apache Reservation in San Carlos, Arizona, within the Gila County boundaries.

The school district has 1,500 students who attend the elementary, middle, and high schools. Our school is one of the few schools in the state of Arizona that has a rich cultural heritage, which is essential to the way of life for the Apache.

The San Carlos Unified School District is located in the central portion of the Gila County, approximately 90 miles east of the City of Phoenix, Arizona. The District encompasses approximately 1,357 square miles on the San Carlos Apache Reservation. The San Carlos Apache Reservation is approximately 1.8 million acres and is listed as the 10th largest Indian Reservation. The City of San Carlos' current population is estimated to be 4,283. (2010 United States Census)

The District's proposed expenditure budget is presented to the Governing Board for review prior to July 5. The Governing Board is required to hold a public hearing on the proposed budget and to adopt the final budget by no later than July 15. The expenditure budget is prepared by fund for all Governmental Funds, and includes function and object code detail for the General Fund and some Special Revenue and Capital Projects Funds. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the individual fund level for all funds. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented. However, this does not affect the District's ability to expend monies.

A schedule of revenues, expenditures and changes in fund balance – budget and actual is provided in this report for the General Fund. This schedule is presented as required supplementary information. For other Governmental Funds, this schedule is presented in the Combining and Individual Fund Financial Statements and Schedules section of this report. Funds that have over-expenditures of budgeted funds have revenue earned throughout the year. The budget for these funds is simply an estimate and does not prevent the District from exceeding the budget as long as the necessary revenue is earned.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local Economy. The San Carlos Apache Tribe is very young, with roughly 38 percent of all members under 18 years of age. The median age for the community is 23.9, compared to a median age of 35.9 for the State of Arizona. Approximately 74 percent of the 2,320 occupied housing units on the Reservation are owner-occupied. The San Carlos Apache Tribe is made up of diverse households. More than one-third (37.3 percent) of householders speak a language other than English. Traditional husband-wife families make up 39.4 percent of all households, and households headed by a single female are almost one-third of all households.

The San Carlos Apache Tribe has a poverty rate of 40 percent, which is significantly higher than the State of Arizona (15 percent). The median household income for the Tribe is \$25,250. In terms of occupation, the largest employer on the reservation is the government. Approximately 62 percent of all workers on the Reservation work for the government.

Long-term Financial Planning. The District has faced challenges over the past three fiscal years with revenue losses at the state level. However, federal funds helped offset some of the losses. The District is large with most of the surrounding property being federal or private land. This qualifies the District to receive Impact Aid Revenues and Forest Fee Revenues in Lieu of Local Property taxes.

COVID-19 has also created challenges that the District has been able to overcome by providing online learning opportunities for all students. The District had been moving to a one to one computer-based learning for the past year, thankfully the Junior High and High School provided all students with laptops in FY19, FY20, and FY21.

Any future new revenues will be directed to support the mission statement and goals of the District. Awards. The Association of School Business Officials (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2019. The District received this award again for fiscal year end June 30, 2020. The District was excited to include to our awards the GFOA Certificate of Excellence in Financial Reporting for Fiscal Year End June 30, 2020.

In order to be awarded these certificates, the District published an easily readable and efficiently organized Annual Comprehensive Financial Report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements. These certificates are valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the programs' requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2021 certificates.

Acknowledgements. The preparation of the Annual Comprehensive Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the business department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of Dr. Dennison, Superintendent and the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

Jennifer Kinnard

Independent Auditors' Report

Governing Board of
San Carlos Unified School District No. 20
San Carlos, Arizona

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of San Carlos Unified School District No. 20, (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of year ended June 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in financial statement note 2, the District adopted new accounting guidance of the Government Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, for the year ended June 30, 2021, which represents a change in accounting principle. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis beginning on page , the budgetary comparison information beginning on page 48, the pension information beginning on page 50, and the related note to required supplementary information on page 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

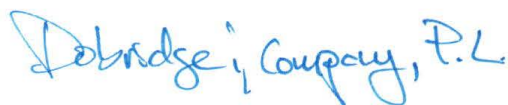

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, budgetary comparison schedules and related note, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedule, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 30, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
(Required Supplementary Information)

This page intentionally left blank.

As management of the San Carlos Unified School District No. 20 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year June 30, 2021, were as follows:

- As of June 30, 2021, the District's total net position was \$71.1 million. This is an increase of \$2.2 million, or 3.1 percent, from fiscal year 2019-20.
- General revenues of \$24.8 million accounted for 83.6 percent of all fiscal year 2020-21 revenues. Program specific revenues in the form of charges for services and operating grants and contributions of \$4.9 million accounted for 16.4 percent of total fiscal year 2020-21 revenues.
- The District had \$27.5 million in expenses related to governmental activities; of which \$4.9 million of these expenses were offset by program specific charges for services and operating grants and contributions. General revenues of \$24.8 million provided resources for most of the remaining \$22.6 million of District costs. The excess between the general revenues and remaining District costs resulted in net position increasing \$2.2 million.
- The General Fund reported \$21.4 million in revenues and \$17.0 million in expenditures. The revenues consisted primarily of \$12.1 million in federal aid and grants and \$8.5 million in state aid and grants. As a result of annual activity, the General Fund's fund balance increased \$4.4 million.
- The District's net capital assets decreased \$2.7 million as a result of activity throughout the year. For additional information regarding the capital assets, see financial statement note 6.
- On March 27, 2020, the U.S. Government passed the Coronavirus Aid Relief, and Economic Security (CARES) Act in response of the COVID-19 pandemic. In part, the Education Stabilization Fund (ESF) provides \$30.74 billion in dedicated funds to support education relief and recovery efforts. Arizona was projected to receive \$626 million in ESF, and \$227 million went to the Elementary and Secondary Schools Emergency Relief (ESSER) Fund. Administered by the Arizona Department of Education, the ESSER was designated to support K-12 schools to respond to the COVID-19 pandemic and the declaration of statewide school closures. The District was awarded a total of \$9,214,901 from the ESSER Fund based on the projected final eligible LEA cohort and spent \$2,678,722 for the fiscal year ending June 30, 2021.
- As described in financial statement note 2, The District adopted new accounting guidance of the Government Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, which represents a change in accounting principle.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2021

OVERVIEW OF FINANCIAL STATEMENTS

The District's basic financial statements are comprised of the government-wide financial statements, the fund financial statements and the notes to the financial statements. These sections provide a comprehensive overview of the District's finances.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements of the District include the Governmental activities. Most of the District's basic services are included here, such as instruction, extra-curricular activities, curriculum and staff development, and general administration. Intergovernmental revenues and grants finance most of these activities.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be presented within governmental funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. The governmental fund *Balance Sheet* and the governmental fund *Statement of Revenues, Expenditures, and Changes in Fund Balances* provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund *Balance Sheet* and in the governmental fund *Statement of Revenues, Expenditures, and Changes in Fund Balances* for all major funds. Data from the other non-major governmental funds are combined into a single, aggregated presentation.

OVERVIEW OF FINANCIAL STATEMENTS

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process. The District adopts an annual expenditure budget for all governmental funds. A budgetary comparison schedule is provided for the General Fund and any major special revenue funds. Additionally, pension schedules detailing the District's proportionate share of net pension liability and pension contributions are presented as required supplementary information.

Other supplemental information has also been provided for informational purposes with combining and individual fund financial statements and budgetary comparison schedules and are presented immediately following the required supplementary information beginning on page 55.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$71.1 million as of June 30, 2021. The following represents significant information regarding changes and balances:

- The District's current assets increased \$4.6 million primarily due to an increase in cash and investments.
- The District had \$278,055 in additions to capital assets that were offset by depreciation expense of \$3.0 million, resulting in an overall net decrease in capital assets of \$2.7 million.
- Current liabilities decreased \$140,512 primarily due to a decrease in expenses during the 60-day encumbrance period after year end as compared to the prior year.
- Noncurrent liabilities increased \$3.2 million, deferred outflows of resources increased \$1.8 million, and deferred inflows of resources decreased \$1.6 million primarily due to the results of investment activity and participant activity when compared to Arizona State Retirement System's estimates.
- By far, the largest portion of the District's net position, \$58.6 million, reflects its net investment in capital assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Additionally, \$4.3 million of the District's net position represents resources that are subject to external restrictions. The remaining balance of net position, \$8.2 million, is considered unrestricted. For additional information regarding net position, see financial statement note 1.O.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position increased \$2.2 million; the following represents significant information regarding changes:

- Revenues increased \$2.2 million primarily due to an increase in COVID-19 funding reported within Federal Aid and increased attendance based funding reported within State Aid.
- Expenses increased \$1.1 million primarily due to increased instructional services provided to students. Further, expenditures increased within Operation and Maintenance of Plant due to additional equipment needed in response to COVID-19.

The net cost of services increased \$1.1 million, or 4.9 percent, due to overall expenses increasing \$1.1 million while program revenues increased \$12,083. The following represents significant information regarding changes and balances:

- Program revenues of \$4.9 million subsidized the government-wide expenses.
- The remaining net costs of governmental activities of \$22.6 million were financed through general revenues.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The following table provides analysis of the District's major and other governmental funds' fund balances and the total change in fund balances for the two years ended June 30, 2021 and 2020.

| Fund | (As restated) | | Change | Percent Change |
|--------------------------|----------------------|----------------------|---------------------|---------------------------|
| | June 30, 2021 | June 30, 2020 | | |
| General Fund | \$ 23,908,817 | \$ 19,545,215 | \$ 4,363,602 | 22.3 % |
| ESSER Fund | - | - | - | - % |
| Major Fund 3 | - | - | - | - % |
| Other Governmental Funds | 4,253,686 | 3,867,348 | 386,338 | 10.0 % |
| Total | \$ 28,162,503 | \$ 23,412,563 | \$ 4,749,940 | 20.3 % |

The total governmental fund balances were \$28.2 million at June 30, 2021. It is not expected that the nature of the restrictions, commitments or other limitations on fund balances will significantly affect future operations. Overall governmental fund balance increased \$4.7 million. The following represents significant information regarding changes:

- The General Fund's fund balance increased \$4.4 million, or 22.3 percent, primarily due to a large attendance revenue reduction reported in the prior year and additional federal aid received related to COVID-19 in the current year. Of the General Fund's fund balance, \$23.9 million is unassigned which may serve as a useful measure of net resources available for spending at June 30, 2021.
- The ESSER Fund's fund balance did not reflect a change due to revenue being recorded to the extent earned for grant funds.
- The Other Governmental Funds' fund balance increased \$386,338, or 10.0 percent, primarily due to an increase in state aid received for capital outlay in the current year.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2021

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared annually according to Arizona law. The General Fund Budgetary Comparison Schedule presents the budgeted amounts, as well as the variances between the final budget and the actual expenditures incurred.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget.

The General Fund's adopted budget for the fiscal year ending June 30, 2021, was \$10.1 million. Over the course of the year, the District revised the General Fund annual expenditure budget to \$9.9 million to reflect a decrease in administration expenditures to help fund an expected increase in Special Education services during the year.

The actual amounts expended in the General Fund were \$9.4 million, which was \$480,053, or 4.8 percent, less than the final budget. This difference was due to expenditures for special education and the administration being less than expected.

CAPITAL ASSETS

As of June 30, 2021, the District had invested \$58.6 million in capital assets (net of accumulated depreciation) including school buildings, athletic facilities, buses, computers, and other equipment.

The following schedule presents a comparison of the capital asset balances for the years ended June 30, 2021 and 2020.

| <u>Governmental activities:</u> | <u>June 30, 2021</u> | <u>June 30, 2020</u> | <u>Change</u> | <u>Percent Change</u> |

LONG-TERM LIABILITIES

The following schedule presents a comparison of long-term liabilities for the years ended June 30, 2021 and 2020.

| | <u>June 30, 2021</u> | <u>June 30, 2020</u> | <u>Change</u> | <u>Percent Change</u> |
|-----------------------|----------------------|----------------------|---------------------|---------------------------|
| Net pension liability | \$ 18,400,764 | \$ 15,236,523 | \$ 3,164,241 | 20.8 % |

| Total | <u>\$ 18,779,375</u> | <u>\$ 15,583,627</u> | <u>\$ 3,195,748</u> | <u>20.5 %</u> |

Overall long-term liability balance increased \$3.2 million. The following represents significant information regarding changes:

- Net pension liability increased \$3.2 million, or 20.8 percent, due to the results of investment activity and participant activity when compared to anticipated results as determined by the Arizona State Retirement System's actuaries.
- Compensated absences increased \$31,507, or 9.1 percent, due to the accrual and use of available leave balances by employees.

For additional information regarding long-term liabilities, see financial statement note 9.

ECONOMIC FACTORS AND NEXT YEAR'S GENERAL FUND BUDGET AND RATES

Many factors were considered by the District's administration during the process of developing the General Fund's budget for the next fiscal year (fiscal year 2021-22). The primary factors considered in developing fiscal year 2021-22's budget were the District's student population and related employee salaries. This chart provides the District's average daily membership over the past five years.

100 Day Count

Also considered in the development of the budget is the local economy and inflation of the surrounding area. Amounts available in the General Fund's fiscal year 2021-22 budget are \$10.2 million, an increase of 2.5 percent, which reflects the following:

- Available budget balance carryforward is \$480,053.
- Current year average daily membership is 1,321 and is expected to increase in the fiscal year 2021-22 school year.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2021

Net change in fund balances - total governmental funds **\$ 4,732,940**

Amounts reported for the governmental activities in the *Statement of Activities* are different because:

Governmental funds report capital outlays as expenditures. However, in the *Statement of Activities*, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

| | |
|----------------|-------------|
| Capital outlay | 278,055 |
| Depreciation | (3,025,631) |

District pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the *Statement of Net Position* because the reported net pension liability is measured a year before the District's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pensions, is reported in the *Statement of Activities*.

| | |
|----------------------|-------------|
| Pension contribution | 1,366,972 |
| Pension expense | (1,181,585) |

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the *Statement of Activities*, however, which is presented on the accrual basis of accounting, expenses are reported regardless of when the financial resources are available.

| | |
|----------------------|----------|
| Compensated absences | (31,507) |
|----------------------|----------|

Some cash outlays are reported as expenditures in the governmental funds when purchased. In the *Statement of Activities*, however, they are reported as expenses when consumed.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San Carlos Unified School District No. 20 (District) has prepared the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

For the year ended June 30, 2021, the District implemented the provisions of GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying fiduciary activities for accounting and financial reporting purposes. Fiduciary funds the District reported in the prior year do not meet these new fiduciary activities criteria and have been reclassified as governmental activities.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The District is a special-purpose government that a separately elected governing body governs. It is legally separate from and fiscally independent of other state and local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes, and it is not included in any other governmental reporting entity. Consequently, the District's financial statements present only the activities of those organizational entities for which its elected governing board is financially accountable.

The Governing Board is organized under §15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls. The District's major operations include education, student transportation, food service, and maintenance of District facilities.

Criteria for determining if other entities are potential component units which should be reported within the District's basic financial statements are identified and described in the GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, §'s 2100 and 2600. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's basic financial statements to be misleading or incomplete. Accordingly, for the year ending June 30, 2021, the District does not have any component units and is not a component unit of any other reporting entity.

B. Basis of Presentation

The basic financial statements include both government-wide financial statements and fund financial statements. The government-wide financial statements focus on the District as a whole, while the fund financial statements focus on fund reporting. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-Wide Financial Statements - Provide information about the primary government (the District). The statements include a *Statement of Net Position* and a *Statement of Activities*. These statements report the overall government's financial activities. They also distinguish between the District's governmental and any business-type activities. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties. The District does not have any business type activities.

A *Statement of Activities* presents a comparison between direct expenses and program revenues for each function of the District's governmental activities and segments of any business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses to programs or functions. Program revenues include:

- charges to customers for goods, services, or privileges provided
- operating grants and contributions

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund Financial Statements - Provide information about the District's funds, including fiduciary funds. Separate statements are presented for the governmental and fiduciary fund categories. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds. Any fiduciary funds are aggregated and reported by fund type. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The District's accounts are organized into major governmental funds and other governmental funds as follows:

Major Governmental Funds:

General Fund - to account for all resources used to finance District operations except those required to be accounted for in other funds. The General Fund as presented includes the District's Maintenance and Operation Fund and other special revenue funds that do not have a substantial restriction on expenditures.

ESSER Fund - to account for the federal Elementary and Secondary School Emergency Relief grant's financial assistance which was passed to prevent, prepare for, and respond to the Coronavirus Disease 2019 (COVID-19).

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Other Governmental Funds:

Special Revenue Funds - to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Capital Project Funds - to account for the acquisition and construction of all major governmental general capital assets.

C. Basis of Accounting

Government-wide Financial Statements - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the District funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. The District applies grant resources to such programs before using general revenues.

Governmental Fund Financial Statements - Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. Major revenue sources that are susceptible to accrual are tuition, intergovernmental grants and aids, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. Therefore, the expenditures and related liabilities have been recognized in the current period. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Expenses and Expenditures

Using the accrual basis of accounting, expenses are recognized at the time a liability is incurred. In the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, expenditures are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental fund statements. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Cash and Investments

The District considers cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's local government investment pool, and only those highly liquid investments with a maturity of 3 months or less when purchased to be cash and cash equivalents.

Arizona Revised Statutes require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash in the Bond Building and Debt Service Funds, which may be invested separately.

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pool, obligations issued or guaranteed by the United States or any of its agencies or instrumentalities, specified state and local government bonds and notes, and interest-bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. The District may also invest these monies. In addition, statute authorizes the District to maintain various bank accounts, such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk.

F. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The costs of prepaid items are accounted for using the consumption method (expensed when consumed).

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

H. Capital Assets

Capital assets are reported in the government-wide financial statements. Such assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts) are \$5,000 for all assets.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| | |
|------------------------------------|---------------|
| Land improvements | 5 - 50 years |
| Buildings and improvements | 10 - 50 years |
| Vehicles, furniture, and equipment | 5 - 25 years |

I. Postemployment Benefits

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan's fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Advances from Grantors

Advances from grantors arise when assets are received before revenue recognition criteria have been satisfied. Advances from grantors generally comprise of federal and state entitlement revenues received before eligibility requirements are met.

K. Compensated Absences

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Generally, resources from the General Fund are used to pay for compensated absences.

L. Federal Revenue Sources

The District receives federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the fund financial statements. Interest earned from investments purchased with pooled monies is allocated to each of the District's funds based on their average balances.

N. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the *Statement of Activities*. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds.

O. Net Position

In the government-wide financial statements, net position is reported in three components:

Net investment in capital assets - Net investment in capital assets consists of capital assets, net of accumulated depreciation reduced by any outstanding debt used to acquire, construct, or improve these assets.

Restricted - Restricted net position is reported when constraints placed on the net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or by state legislation.

Unrestricted - Unrestricted net position is used to account for the net position balance that does not meet the definition of either of the first two categories of net position.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

P. Fund Balance Classifications

In the fund financial statements, governmental funds report fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable fund balance - Amounts which cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. This would include items not expected to be converted to cash including inventories and prepaid items.

Restricted fund balance - Amounts with constraints placed on the use of resources that are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or state legislation.

Committed fund balance - Amounts that can only be used for specific purposes pursuant to constraints imposed by the formal action of the Governing Board. These amounts cannot be used for any other purposes unless the Governing Board removes or changes the specific purpose by taking the same kind of formal action previously used to commit these amounts. Adoption of the annual budget does not constitute a commitment as appropriations lapse at year end without Governing Board action. This also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - Amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. The intent should be expressed by the Governing Board or body or official to which the Governing Board has delegated the authority to assign amounts to be used for specific purposes. Assigned fund balance in governmental funds, other than the General Fund, includes all spendable amounts that are not restricted or committed, if that amount is positive. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action. The District does not have a formal policy or procedures for the utilization of assigned fund balance, accordingly, no assigned fund balance amounts are reported.

Unassigned fund balance - Spendable amounts in the General Fund that are not restricted, committed or assigned. The General Fund is the only fund that may report a positive unassigned fund balance amount. For governmental funds other than the General Fund, negative fund balances are reported here if restricted, committed, or assigned amounts exceed total spendable fund balance.

Hierarchy for use of fund balances - When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, the District uses restricted fund balance first. For the disbursement of unrestricted fund balances, the District uses committed amounts first, followed by assigned amounts, and, lastly, unassigned amounts.

Minimum fund balance policy - The District has not adopted a policy regarding maintenance of minimum fund balances.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Q. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - IMPACT OF RECENTLY ISSUED ACCOUNTING PRINCIPLES AND RESTATEMENT OF BEGINNING NET ASSETS

Net position and fund balance as of July 1, 2020, has been restated for the following: 1) for the implementation of GASB Statement No. 84, *Fiduciary Activities*. 2) when the district closed the internal service fund it did not allocate the portion of the return of cash to the Maintenance and Operation Fund, which is grouped within the General Fund.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's cash deposits may not be returned. The District does not have an adopted policy for custodial credit risk. As of June 30, 2021, the carrying amount (reported) cash balance and total bank balance was \$85,561, which was fully insured by the Federal Deposit Insurance Corporation (FDIC) and the collateral described below. The FDIC protects deposits in each bank the District uses against loss for the first \$250,000 of demand deposits and \$250,000 of time deposits. Any deposits of cash deposits in excess of \$250,000 are covered by collateral held by the pledging financial institution's trust department in the District's name.

Arizona statute requires eligible depositories that accept public monies to participate in the pooled collateral program for public deposits. The Statewide Collateral Pool Administrator (Administrator) is responsible for ensuring that eligible depositories have posted 102% collateral for each public depositor in excess of any federally insured deposits. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured against loss. An eligible depository may not retain or accept any public deposit unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

External Investment Pool. A.R.S. §15-996, authorizes the Gila County Treasurer to receive and hold all District monies and pool the monies with other school districts for investment purposes. As of June 30, 2021 the District reported \$25,606,575 on deposit with the Gila County Treasurer's Investment Pool (GCTIP). The GCTIP is an external investment pool with no regulatory oversight. The GCTIP is not required to register (and is not registered) with the Securities and Exchange Commission. As of June 30, 2021, the GCTIP did not receive a credit quality rating from a national rating agency. The Gila County Treasurer invests the cash in a pool under policy guidelines established by the County. The Gila County Treasurer accounts for the investment pool in their Fiduciary Investment Trust Fund. Interest rate risk, credit risk, custodial credit risk and concentration of credit risk regarding the GCTIP are included in the Annual Comprehensive Financial Report of Gila County. The fair value of each participant's position in the GCTIP approximates the value of the participant's shares in the pool and the District's shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rate will adversely affect the fair value of an investment. The District does not have an adopted investment policy that limits investment maturities to one year or less as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an insurer or other counterparty to an investment in a debt security will not fulfill its obligations. The District has no investment policy that would further limit its investment choices than what is allowable per A.R.S.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 - PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

Plan description - District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS is a component unit of the State of Arizona. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided - The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Retirement initial membership date:

| | Before July 1, 2011 | On or after July 1, 2011 |
|--|--|--|
| Years of service and age required to receive benefit | Sum of years and ages equals 80 10 years, age 62 5 years, age 50* Any years, age 65 | 30 years after age 55 25 years, age 60 10 years, age 62 5 years, age 50* Any years, age 65 |
| Final average salary is based on | Highest 36 consecutive months of last 120 months | Highest 60 consecutive months of last 120 months |
| Benefit percent per year of service | 2.1% to 2.3% | 2.1% to 2.3% |

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents. For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 - PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (continued)

Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings. Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999, are limited to 30 years of service or the service on record as of the effective disability date if their service is greater than 30 years.

Contributions - In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, statute required active ASRS members to contribute at the actuarially determined rate of 12.22 percent (12.04 percent for retirement and 0.18 percent for long-term disability) of the members' annual covered payroll, and statute required the District to contribute at the actuarially determined rate of 12.22 percent (11.65 percent for retirement, 0.39 percent for health insurance premium benefit, and 0.18 percent for long-term disability) of the active members' annual covered payroll. In addition, the District is required by statute to contribute at the actuarially determined rate of 10.21 percent (10.14 percent for retirement, and 0.07 percent for long-term disability) of annual covered payroll of retired members who may have worked for the District in positions an employee who contributes to the ASRS would typically fill. The District's contributions to the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2021, and for the two preceding years, all of which were equal to the required contributions, were as follows:

| <u>Year ended June 30</u> | <u>Retirement Fund</u> | <u>Health Insurance Premium Benefit</u> | <u>Long-Term Disability Fund</u> | <u>Total Contributions</u> |
|---------------------------|----------------------------|---|--|--------------------------------|
| 2021 | \$ 1,366,972 | \$ 44,430 | \$ 20,781 | \$ 1,432,183 |
| 2020 | 1,328,772 | 55,419 | 19,441 | 1,403,632 |
| 2019 | 1,236,529 | 49,516 | 17,375 | 1,303,420 |

During fiscal year ending June 30, 2021, the District paid for pension and OPEB contributions as follows:

| <u>Fund:</u> | <u>Pension and OPEB Contribution</u> | <u>Percentage by Fund</u> |
|--------------------------|--|-------------------------------|
| General Fund | \$ 1,193,956 | 83.37 % |
| ESSER Fund | 13,912 | 0.97 % |
| Other Governmental Funds | 224,315 | 15.66 % |
| Total | <u>\$ 1,432,183</u> | <u>100.00 %</u> |

The District's OPEB balance and related activity for the fiscal year ending June 30, 2021, was immaterial, therefore, related disclosures have been omitted.

Liability - At June 30, 2021, the District reported a pension liability of \$18,400,764 for its proportionate share of the ASRS' net pension liability.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 - PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (continued)

The net liability was measured as of June 30, 2020. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2019, to the measurement date of June 30, 2020.

The District's proportion of the net liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2020, and the change from its proportions measured as of June 30, 2019, were:

| | Proportion June 30, 2020 | Increase (Decrease) From June 30, 2019 |
|---------|-----------------------------|---|
| Pension | 0.1062 % | 0.0015 % |

Expense - For the year ended June 30, 2021, the District recognized \$1.2 million of pension expense.

Deferred outflows/inflows of resources - At June 30, 2021, the District reported deferred outflows and deferred inflows of resources related to the pension from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience | \$ 166,467 | \$ - |
| Changes in assumptions or other inputs | - | - |
| Net difference between projected and actual earnings on pension plan investments | 1,774,775 | - |
| Changes in proportion and differences between District contributions and proportionate share of contributions | 145,534 | 378,759 |
| District contributions subsequent to the measurement date | <u>1,366,972</u> | <u>-</u> |
| Total | <u>\$ 3,453,748</u> | <u>\$ 378,759</u> |

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 - PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (continued)

The amounts reported as deferred outflows of resources related to ASRS pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net liability in the year ending June 30, 2022. Other amounts reported as deferred outflows and inflows of resources related to ASRS pensions will be recognized in expenses as follows:

| <u>Year ending June 30</u> | <u>Deferred Outflows (Inflows)</u> |
|----------------------------|--|
| 2022 | \$ (96,019) |
| 2023 | 613,152 |
| 2024 | 641,955 |
| 2025 | 548,929 |
| 2026 | - |
| Thereafter | - |
| Total | <u>\$ 1,708,017</u> |

Actuarial assumptions - The significant actuarial assumptions used to measure the total pension liability are as follows:

| | |
|-----------------------------|------------------------------------|
| Actuarial valuation date | June 30, 2019 |
| Actuarial roll forward date | June 30, 2020 |
| Actuarial cost method | Entry age normal |
| Investment rate of return | 7.5% |
| Projected salary increase | 2.7 - 7.2% |
| Inflation | 2.3% |
| Permanent benefit increase | Included |
| Mortality rates | 2017 SRA Scale U-MP |
| Recovery rates | 2012 GLTD for long-term disability |
| Healthcare cost trend rate | Not applicable |

Actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 10 - PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS (concluded)

The long-term expected rate of return on ASRS plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Geometric Real Rate of Return |
|--|----------------------|---|
| Equity | 50.00 % | 6.39 % |
| Fixed income - credit | 20.00 % | 5.44 % |
| Fixed income - interest rate sensitive | 10.00 % | 0.22 % |
| Real estate | 20.00 % | 5.85 % |
| Total | <u>100.00 %</u> | |

Discount rate - The discount rate used to measure the ASRS total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the ASRS net pension liability to changes in the discount rate - The following table presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

| | 1% Decrease (6.5%) | Current Discount Rate (7.5%) | 1% Increase (8.5%) |
|--|-----------------------|------------------------------------|-----------------------|
| District's proportionate share of the: | | | |
| Net pension liability | \$ 25,162,795 | \$ 18,400,764 | \$ 12,748,054 |

Plan fiduciary net position - Detailed information about the plan's fiduciary net position is available in the separately issued ASRS financial report.

Contributions payable - The District's accrued payroll and employee benefits included \$36,244 of outstanding pension amounts payable to ASRS for the year ended June 30, 2021.

| | <u>Transfers In</u> | <u>Transfers Out</u> |
| General Fund | \$ 102,950 | \$ 126,604 |
| Other Governmental Funds | 126,604 | 102,950 |
| Total | <u>\$ 229,554</u> | <u>\$ 229,554</u> |

The transfers were made to: 1. move \$102,950 of indirect costs from federal grant funds to the Indirect Costs Fund, which is grouped within the General Fund and 2. \$126,604 to reimburse miscellaneous prior year overexpended federal grant accounts.

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Arizona School Risk Retention Trust, Inc (ASRRT), together with other school districts in the state. ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for member school districts. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

For employee health and dental insurance the District participates in the Kairos Health Arizona. The trust is a public entity risk-sharing and insurance purchasing pool. If the pool becomes either insolvent or is otherwise unable to discharge its legal liabilities and other obligations, the District may be assessed an additional amount not to exceed the original required annual contribution to the pool.

The District is a member of the Arizona School Alliance for Workers' Compensation, Inc. (the Alliance). The Alliance was established in 1996 and is structured as a self-insurance pool that is owned and governed by its members. The agreement provides that the Alliance will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior fiscal years.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Federal grants - In the normal course of operations, the District receives grant funds from various federal agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of audits of grant funds is not believed by District officials to be material.

Litigation - Each year the District receives notices of claims for damages occurring generally from negligence, bodily injury, breach of contract, and other legal matters. The filing of such claims commences a statutory period for initiating a lawsuit against the District arising therefrom. The District has comprehensive general liability insurance with the ASRRT. The District is not aware of any litigation that might result in a materially adverse outcome.

Contingencies - On March 11, 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Management believes the District is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated since it is still developing.

STATISTICAL SECTION

SAN CARLOS UNIFIED SCHOOL DISTRICT NO. 20
STATISTICAL SECTION - DESCRIPTIONS
JUNE 30, 2021

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

Financial Trends

These schedules contain information on financial trends to help the reader understand how the District's financial position and financial activities have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the District's ability to generate property taxes.

Debt Capacity

These schedules present information to help the reader evaluate the District's current levels of outstanding debt as well as assess the District's ability to make debt payments and/or issue additional debt in the future.

Demographic and Economic Information

These schedules present various demographic and economic indicators to help the reader understand the environment in which the District's financial activities take place and to help make comparisons with other school districts.

Operating Information

These schedules contain information about the District's operations and various resources to help the reader draw conclusions as to how the District's financial information relates to the services provided by the District.

Due to cost considerations for the accumulation of data, the District has elected to present less than ten years of data, or data from less than nine years prior, for certain statistical schedules. This information will be accumulated and reported each year until the complete ten years of data is presented.
